

Help Yourself to a Speedy Recovery

Portas® PASS makes creating a new Personal Security Passphrase (PSP) or recovering your existing one fast and easy because you do it yourself.

Portas PASS (Portas Administration Self-Service) is available to you electronically. You can access it during regular Teraview software hours of service (Monday - Friday 8:00 a.m. to 8:00 p.m.) and you don't have to remember to call for help during Customer Service Centre hours.

In four easy steps you can create or recover your PSP. All you have to do is:

1. Insert your security diskette (formatted floppy disk)
2. Go to www.teraview.ca
3. Click on *Portas PASS* in the *Quick Tasks* side bar
4. Follow the simple steps to create or recover your security key

Take control with Portas PASS access.
