

Windows[®] 2000 Retirement

As part of our ongoing commitment to customer service, we would like to encourage our clients to start planning for the scheduled retirement of Windows 2000 in the summer of 2010. Further information on the proposed retirement can be found at: <http://support.microsoft.com/ph/1131#tab0>.

Teraview will no longer be available on Windows 2000, following the anticipated release of Teraview 6.1 in spring 2010.

Thank you for your continued support of Teraview software.
