

**SCHEDULE OF ADDITIONAL PROVISIONS
Applicable to Open Variable Rate Mortgage**

This is a Schedule to a Mortgage between:

(hereinafter referred to as "you")

And Peoples Credit Union Limited (hereinafter referred to as "PCU" or the "Mortgagee")

INTEREST

The interest rate payable by you as of the date of the mortgage is _____ % per annum calculated monthly not in advance.

The equivalent rate of interest calculated half-yearly not in advance to the current mortgage rate as of the date of the mortgage is _____ % per annum.

The interest rate chargeable on the principal sum and all other amount payable under the Mortgage is a variable rate per annum equal to the PCU Basic Mortgage Rate as published in its Branches from time to time **plus/minus** _____ %, calculated monthly, not in advance, before and after default, maturity and judgment. The resulting rate is known as PCU's Open Variable Mortgage Rate.

The interest rate will vary automatically, without notice to you, each time that there is a change in PCU's Basic Mortgage Rate.

DEFERRED INTEREST

"Deferred interest" is that interest accumulated on the loan amount from one regular payment to the next that exceeds the regular loan payment. Deferred interest is due and payable on demand.

MORTGAGE PAYMENTS

The amount of the monthly payment as at the date hereof is \$ _____ per month, which is based upon the open variable rate mortgage rate of _____ %. You hereby authorize the Mortgagee to automatically adjust the amount of the monthly payments on an annual basis (the anniversary date of the mortgage term), for the purpose of ensuring that, assuming all payments are made as agreed, the projected Balance Due at the end of the current term will remain as originally projected. Peoples Credit Union will advise you in writing of any such adjustments in the monthly payment amount. Regular mortgage payments will be applied firstly to any collection expense, then escrow accounts, then previously accumulated and unpaid deferred interest, then the total amount of interest which accrued on the principal during the period and finally to reduce the principal amount.

DESIGNATED AMOUNT

Designated amount shall mean the lesser of:

- (a) the original principal amount; and
- (b) 80% or a lesser percentage as established by us in our discretion of the fair market value of your property, or in the case of a CMHC or GEMI insured mortgage, the lesser of:
 - (i) 95% [for CMHC] or 90% [for Genworth Canada Guaranty] of the lesser of the appraised value or purchase price of your property, plus the CMHC, Genworth or Canada Guaranty insurance premium, and
 - (ii) 105% of the original balance of the mortgage including the CMHC, Genworth or Canada Guaranty insurance premium.

If at any time during the term of the mortgage the outstanding loan balance exceeds the designated amount you shall be required to take one of the following actions:

- (a) increase the amount of each regular payment under the mortgage in order to amortize the mortgage over the remaining amortization period;
- (b) reduce the total of the loan amount by making a lump sum payment bringing the total loan to a point below the designated amount; and
- (c) convert the mortgage to a fixed rate mortgage having equal monthly payments.

If you are unable to do any of the above, the mortgage will immediately, at our option, become due and payable.

CONVERTIBILITY

When not in default you may convert the mortgage to a fixed rate mortgage having a term of three years or greater by communicating with the Mortgagee and selecting from the mortgage options and terms available at that time. You must sign our amending agreement. All amended terms, conditions and provisions of the mortgage will be contained in the amending agreement. You agree to pay us any processing or administration fees, together with accumulated interest, as well as all legal expenses with respect to the conversion documentation. Once the mortgage has been converted, the prepayment privileges of the new mortgage, if any, will apply in place of those applicable to this mortgage.

FEES AND COSTS In addition to the fees provided for in the Standard Charge Terms, you agree to pay to Peoples Credit Union its then customary servicing fees, as published from time to time, to compensate us for our reasonable time expended and costs incurred in the administration of the Mortgage, including, without limiting the generality of the foregoing:

- a) dealing with each late or missed payment and for replacement of each cheque or other instrument, including, without limitation, a pre-authorized debit instrument, not honoured when presented for payment;
- b) processing each application to assume the Mortgage, whether or not approved or completed;
- c) administering insurance cancellations and paying insurance premiums;
- d) collecting any payment or enforcing any other obligation contained in this Mortgage or in managing or selling the property;
- e) conducting any inspection or appraisal of the Lands necessitated by the default in the compliance with any of the obligations pursuant to this Mortgage; or,
- f) generally, attending to any matter connected with the proper administration of this Mortgage.

The aforementioned fees shall be payable to Peoples Credit Union and, if not so paid, shall become part of the debt secured and shall bear interest at the interest rate set forth in this Mortgage.

SCHEDULE OF ADDITIONAL PROVISIONS
Applicable to Open Variable Rate Mortgage

Equivalent Interest Rates

The following information is provided to you since the current interest rate may be expected to change from time to time. For each current mortgage rate (calculated monthly not in advance) set forth, the adjacent column sets forth the equivalent interest rate calculated semi-annually not in advance.

CURRENT MORTGAGE RATE CALCULATED MONTHLY NOT IN ADVANCE (%)	EQUIVALENT INTEREST RATE CALCULATED HALF-YEARLY NOT IN ADVANCE (%)	CURRENT MORTGAGE RATE CALCULATED MONTHLY NOT IN ADVANCE (%)	EQUIVALENT INTEREST RATE CALCULATED HALF-YEARLY NOT IN ADVANCE (%)	CURRENT MORTGAGE RATE CALCULATED MONTHLY NOT IN ADVANCE (%)	EQUIVALENT INTEREST RATE CALCULATED HALF-YEARLY NOT IN ADVANCE (%)
